

Premium furniture rentals

in solid tropical wood

Much of the event furniture here is imported. Our tables and bars are handmade in Costa Rica.

Nicoya Events is a small team here on the Nicoya Peninsula. Our tables, bars and cocktail tables are made by hand by local woodworkers, from Costa Rican wood: teak, guanacaste, laurel and sabana oak. Real wood, real grain, so no two pieces are exactly alike.

We bring them to your event with everything you need to set the table: chairs, chargers, plates, glassware and cutlery.

Last year we furnished weddings, private dinners and celebrations all over the Nicoya Peninsula.
